

If you are an event organizer and are tired of hassling with the registration process, we have the solution! For 2009, any Local Organizing Club (LOC) that sanctions a wakeboard, kneeboard or traditional water ski tournament online can use Online Registration (OLR).

The system is designed to make event registration a breeze for the LOC and the participating athlete. Using OLR limits the hassle of paperwork, allowing the athlete to spend more time behind the boat and the LOC to focus on organizing a successful event. Memberships, entry fees, entry forms, event waivers and bios are handled electronically.

For only \$15 your club can take advantage of the following benefits:

LOC Benefits of Using OLR

- Automatically verifies the athlete's membership
- Credit card payments are directed to the LOC's PayPal account, allowing immediate access to the funds (standard PayPal per-transaction fees apply)
- Stores event waivers electronically for the LOC
- Stores athlete bios, which can be viewed online or printed by the LOC
- Excel registration template file includes athletes who registered online; in addition to event and division information, other valuable data such as seeding values and qualifications, ramp height, boat speed and athlete's weight can be provided when applicable
- Can view entry and payment status in a variety of formats
- Can input entries and track fees received for all athletes, including those who use mail-in entry forms
- Refunds can be issued through the convenience of PayPal rather than sending checks via regular mail

Athlete Benefits of Using OLR

- No more hassling with paper entries, waivers, personal checks and postage
- Once registered, athletes can instantly view their entry status online, including (where applicable) qualifications, membership, seeding, etc.
- Ensures that the athlete is scored in the proper division, and eliminates errors with membership numbers, which can cause an athlete's scores to be withheld from the ranking list
- Stores athlete bios electronically so the athlete does not have to fill out a new one for each tournament

- View other athletes who are registered for the same tournament through the online reports

- Ability to enter multiple events in a matter of minutes

Be sure your club does not miss out on the opportunity to streamline their event registration for only \$15! To set up your tournament with OLR today, simply click on the link below and following the on screen instructions. www.USAWATERSKI.ORG/sanctions
