

## 2009 Southern California Jr. Development Clinics

Do you know a kid who would like to increase their skill in slalom, trick or jump? If a beginner or already a tournament skier, children can come join their area's Jr. Dev. Clinic and learn more technique and make new friends in this 2-day event. Lunches are provided each day. To secure a spot in the clinic, send entry form, proof of AWSA membership, and entry fee to the site Registrar. Waiting lists will apply once clinics are full. Liability release forms must be completed for each site by parent or guardian. Parents should contact the registrar to see what they can do to help make Jr. Development a great learning experience for your child.
